

UCM2018

11th-14th June 2018 Rennes, France

International school and symposium on
Ultrafast Control of Materials

Watching and acting on materials

<https://ucm2018.sciencesconf.org/>

Abstract submission: May 15th 2018. Inscriptions: June 1st 2018

Chair : Eric Collet and Shin-ichi Ohkoshi

Scientific committee:

S. Koshihara
S. Ishihara
S. Iwai
S. Miyashita
K. Tanaka
L. Cario
P. Ruello
K. Boukheddaden

Organizing committee:

R. Bertoni
L. Guérin
M. Lorenc

Scope:

Ultrafast photoinduced phenomena
Non-linear phononics:
Electronic vs structural dynamics
Bistability and non-volatile memory and elastic field
Strong laser or electric field effects
Theory of ultrafast out-of-equilibrium transformations

Invited speakers

A. Georges	E. Abreu	S. Iwai
K. Tanaka	B. Arnaud	E. Janod
S. Ishihara	K. Boukheddaden	S. Ohkoshi
L. Cario	I. Clofini	Y. Okimoto
H. Cailleau	C. Enachescu	S. Ravy
M. Cammarata	S. Haacke	A. Subedi
